The Board received draft copies of **Policy G2L-Personnel Records** and **Policy G2M-Complaints and Grievances** for action at the January 10, 2011, board meeting. Dr. Berry explained to the board the role of the policy review committee which is composed of certified and non-certified employees. The committee meets and reviews and revises policies and sometimes they will develop policies as needed. If Dr. Berry feels that a policy needs to be reviewed by our board attorney, then it is forwarded to Mr. Don Word for his recommendation.

The Board received a report from Mr. Tony Ball on the **Scottsboro High School Roofing Project**. He stated that the Alabama Building Commission has the contract at this time and the project cannot be started until it is signed off. Some of the delay is due to when we initially applied we thought there was enough money in the PSCA (leftover bond money) but there wasn't. Since the contract was more than that amount, they had to have a letter from Dr. Berry stating that we planned to make up the difference from local capital projects funds and that letter has been sent. The people are ready to begin the project as soon as we receive the approval.

Dr. Berry reported to the board that our system has received three (3) grants which include a grant for Collins Elementary School for expenses for the Mentone trip in September, 2011, a grant in the amount of \$81,000 for a Self-Help Tutoring Program at Scottsboro High School and a grant for \$50,000 for a Non-Traditional Program for At-Risk Students. She also shared that our system has recently applied for two (2) grants with a total amount of \$150,000 for an Aerospace Academy at Scottsboro High School.

On a motion by Dr. McCrary and a second by Mr. Coleman, the vote was unanimous to **Adjourn.**
